

Masonville Citizens Advisory Committee

The Masonville Citizens Advisory Committee was created in January 2008 to provide advice, oversight and support to the Maryland Port Administration (MPA) on Masonville Dredged Material Containment Facility as part of the State of Maryland's Dredged Material Management Program. This project is the result of the efforts of the Harbor Team which selected Masonville as a preferred option to address the placement of material dredged from Baltimore Harbor. Members represent a broad spectrum of community, business, local government and environmental interests from around the Brooklyn, Curtis Bay and Cherry Hill communities. It is staffed by MPA and consultants.

To contact committee members, send an e-mail to mpasafepassage@marylandports.com or call the Maryland Port Administration at 410-385-4438.

Membership:

Baltimore City Dept. of Planning
Beth Strommen

Baltimore City Dept. of Public Works
Duncan Stuart
