

DMMP Management Committee

The Management Committee of the Dredged Material Management Program (DMMP) coordinates on the development and implementation of the dredging and placement activities of the Port of Baltimore. The committee is composed of senior managers from the relevant regulatory agencies at the state and federal level, as well as representatives of the research and business communities, and environmental organizations. It meets quarterly and is staffed by MPA.

To contact committee members, send an e-mail to mpasafepassage@marylandports.com or call the Maryland Port Administration at 410-631-1106.
